

Dr. Darrell Voll, DC CACCP

Welcome to Active Health Chiropractic

Thank you for choosing our office. We are committed to providing you and your family with the highest quality of chiropractic care available so that you heal quickly and enjoy an active, healthy, long life. We will be working together to help you and your family reach your health and lifestyle goals.

If you ever have any questions about your chiropractic care, please don't hesitate to ask Brooke, our highly educated chiropractic team member. All of your questions, even the ones you haven't even thought of yet, will be answered during your Chiropractic Report on your second visit.

Chiropractors have become the primary care doctors for millions of people around the world. Regardless of your reason for visiting our office today, our goal is to become your family's trusted provider and resource for living a healthy lifestyle throughout your lifetime.

Fees

Consultation with Dynamic Spinal Exam (does not include adjustment)	\$75
X-Rays	\$ Will be referred to Diagnostic Center
Adjustment	\$ 40
Re-Exam (does not include adjustment)	\$60

Financial Policy and Active Life Plans

We are committed to providing you with the best chiropractic care possible in a caring environment and have established our financial policies to achieve that goal. You will be expected to pay for your chiropractic care at the time the service is rendered unless you arrange an Active Life Plan in advance. These plans are designed to be the most cost effective way to keep you and your family as healthy as possible. They include your Crisis Care, Critical Transition and Lifestyle Care Options. Details of these plans will be discussed with you during your Chiropractic Report. Please choose one of the following documentation options:

- Insurance:** If you have insurance that covers chiropractic, we will give you all of the information you need to get reimbursed quickly. This includes your diagnosis, prognosis and copies of your records or reports. We have found it is easier for your record keeping, and ours, if we give you receipts at the end of your first visit and then once a month after that. Just send your receipts with a copy of your claim form to your insurance company, and they will communicate with you about your reimbursement. Remember your agreement with your insurance company is between you and them. Please note that many insurance policies may not reimburse for Critical Transition or Lifestyle Care.

- No Insurance:** If you do not have health insurance, choose not to use your health insurance or are participating in Lifestyle Care, you may request a receipt for tax purposes or a Health Savings Account (HSA) indicating the total amount you have paid for chiropractic care during the year. There is no insurance documentation given with these receipts.

If a special situation arises, such as an auto accident or a worker's compensation injury, a new examination will need to be performed and you will be charged our regular fees until the claim is settled. We will help you get reimbursed as quickly as possible on these claims.

As stated above, payment is due at the time services are rendered, unless an Active Life Plan is arranged in advance. Any unpaid balance will be submitted to an attorney/debt collection agency, which will affect your credit, and you will be responsible for all fees involved.

I, (name) _____ have read and I understand the above policies.
I have initialed the option that applies to me.

TERMS OF ACCEPTANCE

When a patient seeks chiropractic health care and we accept a patient for such care, it is essential for both to be working towards the same objective.

Chiropractic has only one goal. It is important that each patient understand both the objective and the method that will be able to attain it. This will prevent any confusion or disappointment.

Adjustment: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments of the spine.

Health: A state of optimal physical, mental and social well-being, not merely the absence of disease or infirmity.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebra in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during the course of a chiropractic spinal evaluation, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a health care provider who specializes in that area.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. Our only practice objective is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I, _____ have read and fully understand the above
(Print Name)
statements.

All questions regarding the doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction.

I therefore accept chiropractic care on this basis.
